### Simple Curriculum Statements of Intent

#### CORE SUBJECTS

##### English

To inspire an appreciation of reading and a habit of reading widely and often.  
To write in a range of contexts, adapting language and styles across the curriculum and using topic based texts and meaningful purposes to enthuse the children.  
To confidently communicate and take part in discussions to further learning.

##### Maths

We want our pupils to develop a love of maths by being actively engaged in high quality and challenging daily maths lessons.

Happiness because enjoyment is at the heart of all meaningful learning in Maths.

Resilience because a Growth Mind Set leads to successful problem solving.

Courage because sometimes the first step in solving a problem is the hardest.

Quality because working with resilience, enthusiasm and courage are key attributes in producing quality outcomes.

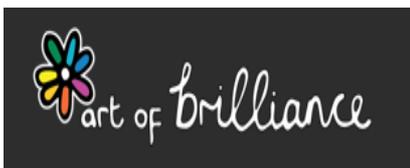

##### Science

At Billingham South, children are inspired to be scientists of the future. They have opportunities to discover and challenge what they think they know with practical investigations. We want our children to have a greater knowledge of diverse Scientists of the world. We have a Science room, which is well equipped and timetabled ready to use. Having great links with the local industry is a great asset. We have many school visitors delivering Science workshops, all linked to the Nation Curriculum, as well as educational visits. Having beautiful grounds and an organic garden is the ideal place for our Forest School to take place.

#### FOUNDATION SUBJECTS (In alphabetical order)

##### Art

By exploring craft makers, artists and designers, children analyse, evaluate, build resilience, artistic skills and a quality mindset when producing personal art creations. Children develop knowledge of how Art & Design both reflect and shape our history and contribute to the culture, creativity and wealth of our local community, nation and the world.

Computing

Inspiring Creative & Discerning Digital Citizens

Design and Technology

Design and Technology encourages children to learn to think and intervene creatively to solve problems both as individuals and as members of a team. They will use their imagination and creativity to design and make products that solve real and relevant problems within a variety of contexts.

Geography

Enabling children to become sustainable global citizens by building a knowledge of and respect for the world around them.

Children understand that they have a responsibility for the future of our world.

History

Children are active historians at Billingham South. They understand the chronology of topics, they can connect and compare themes throughout historical periods and they use their historical skills to debate and answer enquiry questions. They take part in visits, competitions and clubs and develop a love of learning about the past. Children handle replica artefacts, learn about the diversity of past experiences and about the history of their local area.

MFL

We want our learners to be engaged and inspired to learn French in a fun, immersive way. We want our children to develop not only their language skills, but also their love of learning a language, achieving together and to share their learning through conversation with each other.

Music

Creating musicians of the future who have a passion for performing and respect for music from around the world past and present.

Happiness- A love of music brings happiness to those performing and those listening.

PE

In PE we aim to inspire children with a life-long passion for sport and exercise to benefit their long-term health and well-being, enabling a brighter future. We embed all our school values, as well as skills such as leadership and cooperation, to enable all children to succeed and excel in sporting activities. Children learn how to work as a team, the importance of sportsmanship and understand the benefits of a diverse culture within sport and the wider society.

PSHE

We empower our children with knowledge and confidence which will enable them to be open minded, resilient and prepared individuals, ready for the wider world.

RE

The intent of RE at Billingham South for all pupils, is to develop respect towards and an understanding of a range of world religions and to celebrate diversity within the local and wider community.
