Here are some ideas for activities you can do with your child at home:

Personal, Social and Emotional Development

- Continue to encourage children to go to the toilet independently
- Continue to encourage children to wash their hands after going to the toilet, sneezing or coughing to promote good hygiene
- Encourage children to put on and fasten their own coats
- Talk about feelings and how we might express them

Communication, Language and Literacy

- Write their name for them to try to copy
- Read a story and talk about what happened
- Go on a listening walk around the local area - what can you hear?
- Encourage longer conversations by asking open questions e.g. "What happened when the tiger came to tea?" rather than "Did the tiger come to tea?"

Number work

- Counting up to 10
- Counting objects up to 5
- Practise recognising numerals up to 5

Topic work - All about me

- Encourage them to look in a mirror. What do they look like? What colour is their hair? - Talk about their features with them. Are they different to yours?
- Talk about who is in your family. Maybe draw a picture. Don't forget pets!
